
The Four Way Test of Rotary International

Of the things we think, say or do:

First,

Is it the truth?

Second,

Is it fair to all concerned?

Third,

Will it build goodwill and better friendships?

Fourth,

Will it be beneficial to all concerned?

Canyon Lake Rotarians like to add a fifth question:

Is it fun?

The Canyon Lake High Interact

Club, a high school auxiliary of Rotary, was chartered in 2009 and has actively created many service projects since that time. Additionally, the club members participate in some and partner with Rotary Club projects, including the annual fundraiser Romantic Rendezvous, a Valentine's dinner and dance. It was recognized as one of the top Interact Clubs in the district in 2012.

Rotary International (RI) has clubs in more than 200 countries—more than are members of the United Nations! As a matter of fact, RI is the only NGO service club to have a seat at the United Nations.

Since 1985, RI has targeted the eradication of polio as its international service project. At that time, more than a half-million cases were reported each year. In 2022, only 22 cases were reported in two remaining countries! RI is committed to seeing the project through to the end, to make polio only the second disease to be wiped out. Canyon Lake Rotarians and Interactors support "End Polio Now."
